Society of Lincoln Cent Collectors • Dr. Sol Taylor, President • 13515 Magnolia Blvd. • Sherman Oaks, CA 91423

SLCC is dedicated to the collecting and study of the LINCOLN CENT. Our journal, LINCOLN SENSE, is published six times a year. Annual membership is $15 and foreign mailing is $20. Life membership is available at $150.

Vol. XX No. 3 November, 2001

This is the last issue of the year and we take this opportunity to wish you and yours a happy holiday season and a safe New Year. This issue is devoted to the October 2001 Heritage Sale in Long Beach which featured an extraordinary array of choice Lincoln Cents not seen even at the fabulous FUN'98 Sale. The prices speak for themselves. We appreciate the support all SLCC members have shown by continued membership and participation in the Mail Bid Sales, the used stamp program, attendance at the Long Beach meetings, sale of The Standard Guide to the Lincoln Cent, and contributions to *Lincoln Sense.*

Auction Results

Member *Gary Rosner* surveyed recent auction results of Lincoln Cents. As with other auctions this year, some major collections have come to the block bringing spectacular prices and breaking sales records many times over. The next pages are an edited view of the Heritage Long Beach Sale in October.

Format Change

Starting in January, 2002 *Lincoln Sense* will be published four times a year. The pages will increase to either 16 or 20—we're working on details. The size will remain the same and the format will be similar to the those publications issued by CWTS and Fly-In Club and the NASC Quarterly. The increased cost per issue will be offset by two factors: 1. there will be a savings on postage annually and 2. The four issues will cost about the same as what we now spend on six issues. Several print shops are being solicited for bids. The new issues will be able to handle over 100 lots per mail bid sale. The tentative issue dates will be the first week of January, April, July, and September. We will thus have more space for some articles, auction results, and letters that are not included now. The USPS has hinted that another first class postage rate hike can be expected in 2002 which was another factor in making the changeover. Member input is always appreciated.

Rarity vs. Price

Most non-collectors assume rarity and price are closely correlated. For the most part there is a correlation, but in coins, there often is a major gap between some very scarce to rare coins and their market value compared to more common coins. For example, almost every auction features one or more 1955 doubled die cents in various grades. They run from $500 for an AU to $15,000 for a MS65RD. For much scarcer coins such as proof Indian head cents from 1879-1909 each one is ten times scarcer and for grades of AU (PR55) one might bring $75 to $100 at auction while PR63RB bring about $150 and gem PR65RD bring about $350-450. An equally rare coin to the 1955 doubled die is the 1909 VDB 1-0-IV doubled die which sells for about $100 in MS63RD to $200 in MS65RD and one cannot find one in any major auction (last one we could find was in the August 5, 2001 Heritage Bullet Sale in Atlanta), but none in the previous fifteen major auction catalogs we've searched. In a few recent sales (2001) we note that some pretty common coins such as the Lincolns from 1945-1958 in MS67RD are bringing prices usually only found for really scarce coins. In the June Heritage Sale many such examples are found—including over $3500 for a very common 1949 MS67RD. We believe, many of these coins exist and if rolls were submitted, we feel that HUNDREDS would rate MS67RD status. As in all areas of collecting, price is more a facet of DEMAND not always SUPPLY. The 1909S VDB is always in DEMAND and thus brings high prices in all grades from Good to MS66RD. Comparably scarce and rarer coins bring far less simply due to less demand. Again, as with the 1955 doubled die, almost every auction catalog features more than one 1909S VDB in various mint state grades. Thus, if a collector is more interested in rarity, go for the coins that are low mintage and reasonably low priced such as the proof Indian Head cents in less than PR65RD grades or the lesser known Lincoln Cent doubled dies.
